

## Eislek Hiking Experience

13 & 14.05.2023

Enscherange, Kiischpelt

Treat yourself with a weekend of hiking in the heart of Luxembourg's nature, in the Clerve Valley in Enscherange. The region of Kiischpelt, located in the Eislek, is a perfect destination for lovers of wild landscapes. Here, the rustic villages of the municipality reflect the typical Ardennes countryside. You will stay in one of them. The Rackésmillen, which was completely renovated in 2022, is housed in the oldest working water mill in the country. The restaurant attached to the mill offers local cuisine based on grain products. During these two days, accompanied by nature guides, you will have the opportunity to discover the little-known corners around the villages of Knaphoscheid and Eschweiler in a unique route and the forests around Lellingen. The region is interspersed with valleys and plateaus, which will appeal to experienced hikers.

The trip takes place from 13 May 2023 at 10:00 to Sunday 14 May 2023 at 15:00.

### Programme :

#### Saturday 13.05.2023

10.00 am: Welcome coffee and pastries by the nature guides at the Rackésmillen.
